- Protects against cell deterioration in the heart, and helps strengthen heart cells by converting fats and carbs into energy.

?????????

> With age, the body’s natural production of CoQ10 decreases, making CoQ10 crucial to protecting against cell deterioration, supporting energy production, and providing antioxidant protection.1,2 In addition to Vitamin D and non-fish essential fatty acid DHA – from algae – CoQ10 Plus includes Hawthorn berry, which contributes to the overall antioxidant benefit. CoQ10 Plus is endorsed by Dr. Lou Ignarro†, Nobel Laureate in Medicine®§.

†Dr. Ignarro is a member of both the Editorial and Nutrition Advisory Boards of the Herbalife Nutrition Institute and receives compensation for his endorsement of Herbalife® products.
